

Shepherd Center

**Pursuing Possible**  
The Campaign for Shepherd Center

Dear [Name],

I want to share my sincere gratitude for your support of Shepherd Center's Pursuing Possible campaign. Thanks to you, Shepherd is closer to expanding its capacity to care and ability to comfort patients and families, now and tomorrow. Shepherd lovingly calls the people who have recovered "graduates," and with your help, more patients can look forward to graduating to full lives like [//my husband/ wife/ mother/ sister/ brother/ father] did.

I'll be following along with the [campaign's progress here](#), and hope you'll do the same.

**Your thankful friend,**
